## LDP Help Enquiry

I wish to comment on LDP plan and how it will affect Llanfairfechan. I object to the proposals in that the GP surgery is already struggling after the extra burden of Penmaenmawr patients and could not cope with extra influx. I feel that if houses have to be built they should be predominantly council i. e. social houses. I've tried to address these views via the website but it doesn't run properly on android
