I have used the website to give feedback on the individual sites, but forgot on each of them to make the IMPORTANT POINT which a number of us made at the local consultation, namely:

**NO developments at Llanrhos BEFORE YOU ENSURE WE ALL HAVE ACCESS TO MOBILE PHONE SIGNALS.** Some of us in Llanrhos do not have this now normal service, and with

banks moving to dual security using mobile phones, afraid we are about to be doubly disadvantaged.

Thank you. Please attach this to all feedback about Llanrhos.
