Dear Sir/Madam,

Please find enclosed my 'summary version' of comments for the LDP for Llanfairfechan. I apologize I have not filled in the remainder of the form - I have reached an age where I lose patience half way through especially when I don't fully understand what is being asked. My main concerns are in my summary I hope you will take them into consideration.

Yours sincerely,

Mrs S Meredith

PS I am not totally happy with my address being available to the public, I suppose if that is policy so be it

<p><b>Summary Comment (maximum 100 words):</b>  <b>I sincerely hope that the houses that are to be built will be Eco friendly. That they will be truly affordable houses that our residents can afford, taking in to consideration that income locally is below the National average.</b>  <b>It is of vital importance that the infrastructure is in place before the development goes ahead not just practical things like upgrading the sewage works but public transport &amp; other facilities. We are a small community, 400 houses is a massive increase, care &amp; consideration of residents should be a priority, it will take time for them to come to terms with this development</b></p>
