Dear Sir and Madams Secretaries

I am writing in respect to the letters that have been sent out to most people to make aware of your impending plans to build the 450 houses in old Colwyn.

And to tell you that I am strongly objecting I live on the Llanellan Road and this road is chaotic now I can see there will be more accidents which will put pressure on the doctors and strangled hospital these roads through old Colwyn are not meant for heavy traffic and you may have the money to buy this land and building

But the monies will be better
Spent on the Roads and Pavements. Now
which they are in a shocking state
here in old Colwyn and the Bay
of old Colwyn. Let me out line
the problems you will be facing
and plenty of headaches for every
councilor. This money should
be spent on health and education
you have a responsible concerns
to care for all the peoples in
this place. With out increasing
another population of people;
Educating our youngsters now to
ward the young is much better
in bringing prosperity to
Colwyn Bay.

if you go ahead with these plans you are going to spell Ruin for Schools. Doctores as. ~~them~~ one not enough Now, you will incure Disater for here our local people will Mowe you will cause Drug takes which we have enough as it is you will incure a lot more vandulicizm for the Police which they are attr already stretched to the Limit and you can Forget tourist which Rely on here for it economy. You will Bring disath on the Peaceful countryside by having a nothw Road Built across this Beatful countryside this ideas needs to be scraped as it was ten years ago and Personly I think you can Forget your Jobs as Councilor because I Personly will not Vote for any of you

And I think there will be many
more like me will do the same.
if you can see teachers but may
reassure them if jobs are lost.
like this then you are putting
your jobs on the line as I will
certainly not vote for any think
that you put across these
committees

Yours sincerely
